

International Exhibition & Conference on Membrane Technology

<http://www.membranetechnology-expo.com/index.html>

TechnoBiz is organizing 1st Edition of "**AMTE 2016 - Asia Membrane Technology Expo 2016**" during 14-16 September 2016 in Bangkok, Thailand at Bangkok International Trade & Exhibition Center (BITEC). This expo is focusing on Membrane Technology. This expo is aimed to be Asian meeting point for membrane technology professionals and companies. This expo is co-located with 3rd Edition of 3W+CPPE Expo 2016 - International Exhibition on Water, Wastewater & Waste Treatment and Chemical & Pollution Engineering.

MTE Conference 2016

At GMTE 2016, 2-day conference on membrane technology will be organized during 14-15 September 2016. This conference is focusing on latest developments in membrane technology.

Conference Focus Topics

- Membrane Filtration (MF/UF/NF)
- Reverse Osmosis
- Forward Osmosis
- Ceramic Membranes
- Membrane Housing
- Membrane Plant Operation & Control
- Membrane Fouling Control
- Membrane Bioreactors (MBR)
- Seawater / Brackish Water Desalination
- Industrial Applications
- Innovative Membrane Plant Design
- Pre-treatment and Post Treatment

Conference Hours: 10.00 - 17.00 hrs

Conference Language: ENGLISH

Call for Papers: Interested Membrane Technology Experts and Specialists are invited to submit presentation topic, 100 words summary and brief CV by email to expo@technobiz-asia.com
