

Les Rencontres Scientifiques d'IFP Energies nouvelles
IFP Energies nouvelles-Lyon, France ■ 25-27 January 2012

International conference on
Multiscale Approaches for Process Innovation - MAPI

**First Announcement and
Call for Papers**

DEADLINE EXTENDED TO 25 JUNE 2011!

IFP Energies nouvelles is pleased to announce the international conference on **Multiscale Approaches for Process Innovation**, to be held at IFP Energies nouvelles-Lyon (France) from **Wednesday 25 to Friday 27 January 2012**.

This international conference therefore aims to bring together scientists working in the fields of molecular modeling, molecular reconstruction and reaction modeling, fluid dynamics, process design and simulation. It will be an opportunity to examine current research using multiscale approaches in these fields and to evaluate the potential of more integrated studies.

Players from the worlds of academic research, applied research and industry will discuss research advances, potential applications and the various challenges to be met.

We encourage you to read the first announcement downloadable hereunder, and **submit extended abstracts until 25 June 2011** to rs-mapi@ifpen.fr

Information and documents are available on the web site www.rs-mapi.com
